A.C.E. Levels and School Grades

A.C.E. PACE levels and school grades align only approximately. If your child were in the middle of school grade 3, it would be expected that they would be working around PACE numbers between 1020 and 1030. A grade 6 child might be working around the middle 1050s to the 1060s; perhaps higher or lower depending on subject or their circumstances.

After PACE 1084 in any subject, you should contact Accelerate Christian Home Schooling to determine your child's pathway to a Year 10 and/or Year 12 Certificate.

PACEs for secondary pathway subjects from Grade 9 through to Grade 12 are numbered from 1085 to 1144, though some subjects have different numbering, such as 1 to 10, 1 to 12, or 97 to 108.

It is rarely the case where a student simply continues along the PACE numbers to the end (1144) to finish Grade 12 in any subject. This is where Accelerate Christian Home Schooling can help you and your child map out the most appropriate pathway.
